Tuesday

## Gideon's Army

David Mitchell and Larry Lanaville have both spent many hours volunteering at Camp Wakonda

It all began at the end of last  
summer camp season when  
we discovered that the trees  
between the camp entrance  
driveways were dying...

It had already been voted to  
renovate each bathhouse, and  
relocate Boy's Village along  
with moving the Nature Center  
to White Pine Lodge so that  
Cedar Lodge could be utilized  
as another meeting space for  
the campground. Then came  
the decision to do away with the  
tents and construct buildings for  
the Primary, Junior, Teen and  
Youth Divisions. First though,  
the infected trees must be taken  
care of.

Tree cutting work days were  
organized for the Fall and plans  
were made to hold Wakonda  
Winter Work Days with the  
idea that we would be prepared  
for the Maranatha Volunteer  
group to arrive in April to  
construct the buildings. As  
the plans were made and the  
calendar created it seemed  
doable. We prayed for  
volunteers, knowing that was  
the only way the work could  
be accomplished, and hoped  
for strong turnouts for the  
organized events.

In the beginning there was a  
feeling of discouragement when  
so few showed up to work. But,  
in my devotional reading, I was  
directed to 2 Corinthians 4:7  
which says, "But we have this

treasure in earthen vessels, that  
the excellence of the power may  
be of God and not of us." NKJV

Then the story of Gideon came  
to mind. He was also asked  
by God to do a seemingly  
impossible task. You know the  
story, God said to send the  
majority of his, already small,  
army home. I realized that this  
Wakonda renovation project  
was an opportunity for God  
to demonstrate to His people  
that this work would be done  
by His power, not by ours.  
So, our prayers changed from  
"send us many volunteers" to  
"please send us the people you  
want to be here, and help us  
to be faithful witnesses." God

was faithful! As each work day  
arrived we welcomed those  
who came and prayed together  
before the work began.

There were many first-time  
volunteers, some of whom were  
not Seventh-day Adventist and  
had not even been to camp  
before! God was bringing  
people to a deeper knowledge  
of Himself through the project  
before even one meeting was  
held in any of the new buildings.

There have been roadblocks  
too, as the devil tried to stop  
us; a lost cell phone, and a  
lost wallet (both were found).  
One project manager had a  
stroke and another had a heart

## STORY CONTINUED....

attack, but both recovered and continued the work. The weather seemed to be against us too, with the exception of one week of fair weather in April that allowed for the foundation work. Cool rainy weather prevented the Maranatha group from completing the buildings while they were here, but God provided another construction crew to come for a few days to lend a hand.

Little by little the “faithful few” chipped away on the projects right up to the last special Work Bee when more new volunteers arrived to help. There is not time or room to tell all the stories, but God has shown us time and again that this is His project, and He has been faithful!

We aren't done yet! There is work to be done to finish the buildings, and funds are needed to complete Cedar Lodge and the construction of the new Medical building and Camp Store. But as we look back and see how God has provided, we know He will provide again.

There is room, though, for more to join Gideon's army...room for donors to help fund the projects, and for volunteers to come and work. Join us and be blessed!
